

Your business cannot afford its own Fire Department...
So why should you expect to afford your own staff to monitor and manage your systems around the clock?

We Monitor. We Listen. We Notify. We Respond!

Datanational's System Management Services are like your nightly Fire Department. At work while you and your staff are not on duty.

We typically reduce your operating cost of covering after-hours support by 20-30%, while improving your system's uptime reliability and increasing your level of service.

The Datanational Advantage

Datanational Corporation has earned a reputation for excellence in servicing mission-critical business application systems. We have a strong long-term client base, willing to provide reference to our capabilities. With our broad knowledge of the System i ERP and eBusiness software, we can also provide business application support.

**Peace of Mind.
Around the Clock.**
