Datanational Corporation
23570 Haggerty Rd.
Farmington Hills, MI 48335

Dear Sandi:

I wanted to drop you a quick note of thanks for the work that your company has done for us at Meridian over the past couple of years. Implementing a standard sequencing solution over several plants was a major goal for us. The partnership that we formed with Datanational was key to our success.

Our goal was to develop a standard solution that could be implemented consistently across all of our sequencing plants and for all of the customers that we sequence to. It also had to be flexible to meet the unique needs of the plants and the customers. Your sequencing solution has allowed us to meet those needs and to stay compliant and on time with all of our sequencing shipments.

Our teams developed a strong working partnership, where each partner brought their strengths to the table. The strong manufacturing knowledge and experience of your team, allowed us to quickly bring working solutions to our plants. The technical knowledge of your team allowed us to hook directly into many of our production lines to schedule them directly from the sequencing data. Working with your team has been a success and a pleasure.

Datanational helped us to keep our implementations on time and on budget. I want to thank you again for your efforts towards the success of this project.

I am more than willing to be a reference for Datanational and would be willing to talk with anyone who wants to know more about your company and your solutions. Please pass my name along as needed.

Sincerely,

A handwritten signature in black ink that reads "Bruce Knoll". The signature is written in a cursive, flowing style.
