Datanational Corporation Announces New Managed Services Solution

Farmington Hills, MI. - Datanational Corporation, a leading provider of enterprise software and services, is proud to announce a new Managed Services solution corresponding with their recent acceptance into the IBM PartnerWorld Program for Managed Service Providers (MSP). This program is comprised of an elite group of IBM Business Partners who have invested in developing skills to achieve a high level of market performance in providing managed services and solutions. This new solution bundles previously separate service areas for a complete, customizable management solution including system management, hosting, monitoring, disaster recovery, data protection, and more.

Datanational Corporation, as a Managed Service Provider, has proven implementation skills and expertise while utilizing IBM technologies to deliver hosted and managed solutions to their customers. Being an IBM Managed Service Provider also signifies that Datanational Corporation has committed to deliver a high level of proven customer satisfaction.
